Universidad de Medellín
Jan 2020 - Currently

- Here borns my love to IT Technologies

Yep, It's me.

[< a href = "portfolio" />](#)

My Technical Knowledge

Programming: Experience in declarative and object-oriented programming, including knowledge of creational design patterns.

Web Development: skills in frontend development using JavaScript and the React library, with basic knowledge of NextJS, HTML and CSS. In the backend, experience in Java and the Spring framework, including SpringBoot and SpringData. Additionally, I have skills in data persistence using PostgreSQL.

SAP: ABAP, CRM Module, ALV Reports.

Other Skills: knowledge of code versioning using Git/Github, basic skills in containerization using Docker, and proficiency in UML diagrams, specifically class diagrams and entity-relationship diagrams.

Soft Skills

- Effective communication.
- Teamwork skills.
- Empathy.
- Kindness.
- Continuous learning.
